

Could you be a Lincolnshire Primary or Secondary Specialist Leader in Education?

SLEs offer support and guidance to schools in their area of specialism.

Are you looking for the next step in your career?

We want outstanding teachers who can offer guidance or develop and lead training to support whole school improvement.

Deadline:
Monday 7th
November
2016

We are recruiting more SLEs to join our team.

SLEs work to develop the leadership capacity of others, drawing upon their specific knowledge and particular area of expertise.

Following training, you would be deployed to schools in South Lincolnshire. You might deliver staff meetings, or over longer periods of time provide 1:1 subject leader support or be part of on-going work to address whole-school priorities.
